

**RADIUS**  
*EDGE*

**ULTRA-SLEEK  
HIGH-PERFORMANCE  
PORTABLE WORKSTATION**

The Radius Edge is an all-in-one workstation powerful enough to be your primary workhorse PC, yet portable enough to go wherever you need it.

Its sleek look and ease of setup will make an impression no matter where you're working. Its performance will redefine what everyone expects from a portable system.

Whether you need to work remotely with partners or clients, or you need maximum performance in a minimum of space, the Radius Edge blows any laptop out of the water, and outperforms many larger tower systems.

- Thin, lightweight design with integrated 17.3" Full HD display
- Workstation-class processor options - Intel Xeon or Intel Core i7
- Up to 256GB RAM
- Support for 2 full-size PCI Express cards (or one dual-slot card) including graphics cards from NVIDIA and AMD
